18 January 1956

**MEMORANDUM FOR:** Commander, Air Weather Service, Andrews AFB,  
Washington 25, D. C.

25X1

**ATTENTION :** [Redacted]  
**SUBJECT :** Release of Forecasts to Couriers

1. This is to confirm the verbal arrangements made for delivery of forecasts prepared by the USAF Weather Central to couriers pending installation of electronic communications.

2. Couriers will follow the procedures specified in attachment 1. Material released to couriers will be given appropriate classification and will be sealed in accordance with AFR 205-1. The Weather Central's return address will be placed on each package. No delivery address is required. You are authorized to release messages to these couriers upon their identifying themselves as individuals whose name appears on the attached list. Identification will be accomplished by the courier presenting his badge upon which is displayed his picture and name.

3. The method by which you will secure receipts from the courier for these packages is at your discretion.

25X1

4. Internal receipts should be addressed to [Redacted] whose signature is shown. No unit will be designated. This individual will sign all receipts and will return them to you by mail. You may anticipate three to four days' delay in their return.
